RE: Connect America Fund, WC Docket No. 10-90, DA 16-1072

Dear Ms. Dortch and Mr. Lanning,

Pursuant to Public Notice DA 16-1072 released on September 23, 2016, this letter shall serve as notice to both the Federal Communications Commission ("FCC") and CenturyLink that Ultra Communications Group, LLC d/b/a NewWave Communications ("NewWave") is a provider currently offering Internet service at speeds of 3 Mbps downstream and 768 kbps upstream or higher in some of the newly identified census blocks indicated in CenturyLink's September 13, 2016 notice to the FCC of its modified deployment plans (the "Submission").

The census blocks NewWave identified were found by comparing the 9,703 "unserved" or "underserved" census blocks in CenturyLink's Submission to NewWave's most recent Form 477 which was filed with the FCC. Those eleven (11) census blocks are identified on Attachment A and residents within each of them are currently being offered Internet service at speeds of 3 Mbps downstream and 768 kbps upstream or higher. NewWave's FRN is 0022850358.

The Form 477 data reflects NewWave's current broadband deployment and has been certified as accurate by a company official. As a result, the census blocks in the attached must be considered "served" for the purposes of the FCC's Connect America Funding determination.

This correspondence is being filed with the FCC via its Electronic Comment Filing System (ECFS) in WC Docket No. 10-90. Should you have any questions, please contact me at (913) 563-5440.

Sincerely,

Ken Johnson
Chief Technology Officer
